BRIGHT COUP/LIVE BIRD
ANNUAL COST SAVINGS
\$650 PER APPLICATION

COST SAVINGS DETAILS

PROBLEM

Wear and tear and extreme abrasion of conveying live birds resulting in frequent, costly belt repair and replacement on this critical application.

SOLUTION

Customer installed Safari Belting's Series 225 PE Black which is 100% compatible with competitor's higher priced belting.

RESULTS

Customer realized instant cost savings due to Safari Belting's competitive pricing and was able to reduce the risk of downtime by keeping adequate safety stock, on hand.
